APPLICATION FOR PATENT TERM ADJUSTMENT

Commissioner for Patents:

Applicants hereby request reconsideration of the patent term noted in the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) provided with the Notice of Allowance mailed on September 8, 2005. A check in the amount of \$200 for this application is enclosed.

Statement of the Facts:

The Determination of Patent Adjustment under 35 U.S.C. 154(b) indicates that the Patent Term Adjustment for this application to date is 280 days. Applicants submit that the correct patent term adjustment for this application should be 981 days, calculated as follows:

- This application was filed on April 2, 2001.
- A Notice to File Missing Parts was mailed by the USPTO on

June 22, 2001. Applicants timely mailed a Response to Notice to File Missing Parts on July 16, 2001, which was received by the USPTO on July 19, 2001, as shown on the Patent Office's Private Pair system (with the date highlighted on an attached copy of a printout of the file history as of December 7, 2005), and as evidenced by the postcard and transmittal documents sent with the Response (a copy of which is submitted herewith). Accordingly, no reduction in patent term adjustment arises from this Response.

- The initial action by the USPTO was an Office Action mailed February 10, 2004, as highlighted on the attached copy of the Private Pair system printout for this application. Pursuant to 37 CFR 1.702(a), this initial action should have been issued by the USPTO within 14 months of the filing date of the application, that date being June 2, 2002. Therefore, pursuant to 37 CFR 1.703(a), the initial action was 618 days late.

- Applicants filed a Response to this Office Action on May 10, 2004, within three months of the mailing date of the Office Action, as evidenced by the attached date stamped postcard receipt. The attached copy of the Private Pair system printout for this application also reflects that the USPTO initiated an IFW workflow for the incoming amendment filed May 10, 2004, as highlighted on the attached copy. Accordingly, pursuant to 37 CFR 1.704(b), Applicant's response was timely filed, and no reduction in patent term adjustment arises from this Response. Nonetheless, despite Applicant's timely response to the Office Action, the U.S. Patent Office has treated this Response as having not been filed until April 26, 2005 (based on an informal courtesy copy of the Response filed May 10, 2004 that was faxed to the Examiner of record at his request on that day), and has incorrectly deducted 351 days of Patent Term.

- The subsequent action by the USPTO to Applicants' Response of May 10, 2004 was a Notice of Allowance mailed September 8, 2005. Pursuant to 37 CFR 1.702(a), this subsequent action should have been issued by the USPTO within 4 months of the filing date of the Response, that date being September 10, 2004. Therefore, this subsequent action was 363 days late.

In view of the foregoing, Applicants are entitled to a patent term adjustment of 981 days (618 days reinstated for timely-filed Response to Notice to File Missing Parts plus 363 days for late issuance of the subsequent Action, without any reduction for delay on Applicants'

part) and respectfully request that such a patent term adjustment be granted. Applicants note that this application is not subject to a terminal disclaimer.

The Director is authorized to charge any additional fees due by way of this Application, or credit any overpayment, to our Deposit Account No. 19-1090.

Respectfully submitted,
